BIC® Media Clic Ecolutions® Plus ballpen

Made from the scraps of car parts

COASTAL *paradise*

BIC® Media Clic Ecolutions® Plus ballpen **contains 98% of recycled material**. The percentage of the recycled material is calculated on the total weight of the pen excluding the ink system. The external parts are made from the scrap of plastic car parts.

The calculation of the percentage of recycled materials of our products **complies with ISO 14021** standard for environmental claims and communications.

We have a process with our suppliers to ensure the traceability of all raw materials and guarantee their origins, especially regarding recycled materials used in our BIC® Ecolutions® range.

Complies with the following European product safety regulations:

- REACH regulation (EC) n°1907/2006 and its amendments.
- Regulation (EU) 2023/988 of the European Parliament and of the Council of May 10, 2023, on the general safety of products
- European Regulation (EC) n°1272/2008 and its amendments, relative to the classification, labelling and packaging of substances and mixtures (for inks).
- International standard ISO 11540 and British standard BS 7272-1:2008 on writing and marking instruments caps.
- British standard BS 7272-2:2008 + A1: 2014 on writing and marking instruments end closures.
